YAKIMA Connecting VALLEY people REGIONAL and LIBRARY ideas.

Yakima Valley Regional Library
Adult Internet Use Agreement

I have read, understand, and will comply with the Yakima Valley Regional Library's Internet Policy and Guidelines for Internet Customers and any future version of the policy or guidelines as a condition of using the Regional Library's Internet access.

I understand that the choices for using the Internet are with or without site-blocking software (filters). I also understand that site-blocking software available on the Regional Library's filtered Internet access which attempts to screen out content considered obscene and/or harmful to minors may not be 100% effective and may allow access to content intended to be blocked, or block unobjectionable content.
